

CENTRAL INSTITUTE OF PLASTICS ENGINEERING AND TECHNOLOGY (CIPET)

Dept of Chemicals & Petrochemicals, Ministry of Chemicals & Fertilizers, Govt of India

EXPRESSION OF INTEREST (EoI) FOR ESTABLISHMENT OF

PLASTICS WASTE MANAGEMENT CENTRE (PWMC) IN DELHI

The Department of Chemicals and Petrochemicals, Ministry of Chemicals and Fertilizers in its Policy Resolution for Petrochemicals (2007) clearly enunciates the need for proper plastic waste disposal and its impact on the environment. It has been recognized that there is a need to develop awareness on recyclable properties of plastics and eliminate its littering while promoting the management of used plastics as a parallel industry.

In this regard, the Department of Chemicals & Petrochemicals has decided to promote the setting up of a Plastic Waste Management Centre (PWMC) (excluding hospital waste) in Delhi in a Public Private Partnership mode. A Special Purpose Vehicle (SPV) would be created to undertake planning and development, mobilization of financial resources and construction, operation and maintenance of the PWMC. The Department of Chemicals & Petrochemicals would also help the SPV in positioning the project for approval under the relevant Ministries and Departments of the Government of India. Technical support could be provided for the project by the Central Institute of Plastics Engineering and Technology (CIPET), who would also be a partner in the project.

Expression of Interest (EoI) is sought from reputed firms, companies, NGOs and/or Associations, individually or in a consortium, who are interested in developing any or all of the following project constituents, individually or in an integrated manner..

1. Collection of plastic wastes
2. Segregation, Sorting & Storage
3. Plastic Waste Management (Technology to be specified by the interested parties).

For each of the constituents above, one or more applicants may be indicated as a part of the SPV. Interested parties while submitting their EoIs, shall provide details pertaining to relevant work experience, available infrastructure, their financial position as reflected in their balance sheets, and their tentative action plan for being a part of this project. A brief project profile along with funding arrangement may also be indicated. Applicants must indicate clearly that they are willing to be part of the larger SPV, that will be formed for the establishment and running of the PWMC. Parties bidding as a part of a consortium may not bid individually. Integration of the informal sector for the constituents above may be clearly indicated and will form an input in decision making.

The date and address for submitting the EoIs are as below:

Last Date: 15th May, 2010 upto 5.00 p.m.

Plastics Waste Management Centre

Central Institute of Plastics Engineering & Technology(CIPET)

C/o Institute of Pesticides Formulation Technology (IPFT),
